

Energy Technology Innovation Partnership Project: Coastal, Remote, and Island Community Technical Assistance

Application Timeline

ETIPP opens applications annually during the spring of each year. The 2025 ETIPP application will be open through July 27, 2025. Prospective applicants can [register for an informational webinar May 21, 2025](#), to learn more.

Energy Technology Innovation Partnership Project: Cohort 5 Informational Webinar

Date & Time

May 21, 2025 03:00 PM in Eastern Time (US and Canada)

Description

Join leaders from the U.S. Department of Energy's Energy Technology Innovation Partnership Project (ETIPP) to learn about the program's open application for coastal, remote, and island communities in the United States and its territories. ETIPP supports communities working toward energy resilience goals by pairing them with energy experts at national laboratories and regional partner organizations that understand local energy nuances and challenges to conduct strategic energy planning and deep-dive technical assistance. During this meeting, you will learn about ETIPP from leaders at the National Renewable Energy Laboratory and have time to ask questions about the program and open application. Recording: This webinar will be recorded and posted online. By participating in this webinar, you consent to being recorded. Link to Attend Webinar: After you submit this registration form, you will receive a confirmation email with a personalized link to attend the webinar. Questions? Email ETIPP@NREL.gov.
