

FY24 DCIP GRANTS.GOV PROPOSAL INSTRUCTIONS

This document contains instructions for registering for SAM.gov, Grants.gov, and responding to the FY24 Defense Community Infrastructure (DCIP) Program Notice of Funding Opportunity (NOFO) for the Office of Local Defense Community Cooperation (OLDCC). The Application Workflow below pertains to Grants.gov.

Application Workflow for Organizations

Registering for SAM.gov and Grants.gov

Before responding to opportunities, users must have an account with both SAM.gov and Grants.gov.

SAM.gov

SAM.gov registration can take anywhere from 4-8 weeks. SAM.gov accounts must have an “Active” status with current information the entire time an organization has an active Federal award OR application. Accounts must be renewed annually.

Note: On April 4, 2022, the federal government stopped using the DUNS Number to uniquely identify entities. Now, entities doing business with the federal government use the Unique Entity ID created in SAM.gov. They no longer have to go to a third-party website to obtain their identifier. This transition allows the government to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the federal government.

The Integrated Award Environment (IAE) manages several systems including SAM.gov, FPDS, eSRS, FSRS, CPARS and FAPIIS. Current SAM.gov registrants have been assigned their Unique Entity IDs and can view them within SAM.gov. For more information, please visit: <https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/iae-systems-information-kit/unique-entity-identifier-update>

If you already have an active account, verify the following information in SAM.gov before registering for Grants.gov:

- EIN (Employer Identification Number)
- Unique Entity ID
- Current contractor registration
- Correct bank account information
- CAGE Code
 - U.S. based organizations receive a Cage Code at the end of the registration process
 - Organizations outside of the U.S. and territories must request an NCAGE Code, then complete the SAM.gov registration

5. Track Your Application
- a. Online Submission. All applications must be received by 5:00 pm PDT on June 17, 2024. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant with the AOR role who submitted the application will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. This applicant with the AOR role will also receive the official date/time stamp and Grants.gov tracking number in an email serving as proof of their timely submission.
 - b. When OLDCC successfully retrieves the application from Grants.gov, and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role who submitted the application. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by OLDCC.
